

BOAT BRUNCH, SUNDAY, AUGUST 18

Our final “Floating Party” of the 2024 boating season will be a **Sunday Brunch on Sunday, August 18 at 1:00 am**. (Rain date is Thursday, August 22 at 4:30 pm) All are welcome! We will gather in the bay approximately one fourth of a mile from the last house on North Shore Road. Some residents know this bay as Cranberry Cove but oddly there are no cranberries at the cove. This is a “bring your own beverage event,” so pack accordingly. Items to share with others attendees are encouraged.

We plan to lash the attending boats together so bring mooring ropes, an anchor and bumpers to protect other boats. We will have individuals to assist in the boat joining procedure. They will direct individuals that wish to join the party. Remember to approach the group very slowly and ram speed is not acceptable. Since the access between the boats are variable, the exact configuration of the joining will be determined as boats join the party.

This event is weather dependent, so use your best judgment as to suitable weather conditions for your taste. Check the PLPA website for any announcements of cancellation.

Please consider attending this event because it is an excellent occasion to meet people in our lake community. Questions contact Diane Lyons @ DianeLyonsGig@gmail.com
